FOREWORD

The Task Force on Health & family Welfare services, Govt of Karnataka had made recommendations to the Government regarding Rational Use of drugs. One of the major recommendations was the need for Essential Drugs List and Standard Treatment Guidelines for the State.

Karnataka State Pharmacy Council deserves kudos for taking the initiative, under its Rational Use of Drugs Programme, Under the guidance and active support of Delhi Society for Promotion of Rational Use of Drugs.

It is thus highly gratifying to announce and introduce the Essential Drugs list. This is an important milestone in pursuance of the objectives of the Drug Policy and Essential Drugs Programme. These document are neither restrictive nor prescriptive. They are enabling and facilitative and set a firm basis towards the attainment of equity in health care, developing rational use by all prescribers and patients, cultivating all-inclusive accountability and cost consciousness.

I appreciate the sincere efforts of the Department of Health & Family Welfare in bringing this out.

Dr .H. Sudarshan

Vigilance Director (Health)

Karnataka Lokayukta ,

Bangalore

PREFACE

It's a landmark in the history of Health & Family Welfare Services of Karnataka state in bringing out standard Treatment Guidelines Book & Essential Drug List.

We are in glorious era of modern world where every day, even minute counts. New innovations & inventions are taking place every day. We have to step into this era to keep abreast with the modern times, we have achieved this in many fields.

The Karnataka State Drugs Logistics & Warehousing Society (R) has established 14 District Drug Warehouses and the District Drug warehouses are maintained by trained, qualified pharmacists adopting good storage practice, scientific inventory management with IT enabled services serving the Government hospitals in the state.

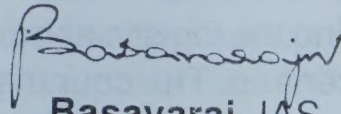

The WHO strategy of Standard Treatment Guidelines, Essential Drug List concept and Rational use of drugs is accepted by India and many other countries, found it as most beneficial both in quality and cost effective treatment.

The publishing of much sought after book on Standard Treatment Guidelines & Essential Drugs List is the first publication venture of the Karnataka State Drugs Logistics & Warehousing Society (R). Standard Treatment Guideline serves as a basic guideline in treatment covering common ailments and also a reference book to the medical profession, the Essential Drug List serves as a guideline in procurement of essential drugs which are basically needed at all government hospitals round the year.

The Essential drug list is an important list of drugs necessary to run the hospitals and any shortage of these drugs may affect the proper functioning of the institution. The KDLWS & State Therapeutic

Committee with its qualified and experienced doctors in all specializations have come out after painstaking efforts with this list to cover maximum drugs that are essential.

I wish this effort a great success & a bright future for Karnataka State Drugs Logistics & Warehousing Society.

Basavaraj, IAS

Commissioner

Health & Family Welfare Service

&

Chairman,

Karnataka State Drugs Logistics

& Warehousing Society

MESSAGE

The publication of Essential Drug List (EDL) marks a mile stone in implementing the logistic approach in health care and also puts us in International scenario. The countries that had adapted the Essential Drug List have reaped the benefits. The WHO- EDL theme has worked wonders in providing health care covering maximum population by right and proper utilization of available funds.

Essential Drugs should satisfy the needs of majority of population, cost effective and should be available at all times. The Essential Drug List (EDL) is the basis by which the concept of serving people with right drug, in right quality & quantity, in right dosage, in right time at all levels, at all times can be achieved.

Implementing the Essential Drug List (EDL), Standard Treatment Guidelines (STG) along with Rational use of Drugs (RUD) will certainly make our state a class of it's own in the nation.

It is a great pleasure in extending my warm wishes to The Karnataka State Drugs Logistics & Warehousing Society (R) & The Health and Family Welfare Department in publishing the Essential Drug List.

Cheluvaraya Swamy
Hon'ble Minister for Health
& Family Welfare

MESSAGE

The foresight in publishing the Essential Drugs List (EDL) and also Standard Treatment Guideline (STG) book by Karnataka State Drugs logistics & warehousing Society (R) & The Health and Family Welfare Department is Commendable.

One of the strategies of WHO 's mission reads follows- " To help save lives and improve health by closing the gap between the potential that essential drugs have to offer and the reality that for millions of people - particularly the poor and the disadvantaged-medicines are unavailable, unaffordable, unsafe or improperly used."

More Than 150 countries in the world have formulated a national list of Essential Drugs and 135 countries have Standard Treatment Guidelines. The combination of these two enhances the health care by manifolds.

Most vulnerable group in a population, who are unable to afford them, need drugs. The EDL offers cost effective drugs within a fixed budget framework facilitating the health care service to more recipients.

The Essential Drugs List plays crucial role in the selection of drugs to cater all the government health institutions . The cost-effectiveness of health expenditure is maximized, there by providing better health care to more number of populace. In general the Standard Treatment Guidelines & Essential drugs List acts as a primary step towards the goal - "Health for all".

The synchronization in publishing the Standard Treatment Guidelines and Essential Drug List shows the systematic approach and efficiency of the Karnataka State Drugs Logistics & Warehousing society (R). The Society caters to the needs of all the government institutions through warehouses situated in 14 districts. All the warehouses are established

with good storage practice, scientific inventory management, IT enabled services and connected online to the Head office for monitoring of drug movements and all related activities.

I wish success in the endeavour.

D. THANGARAJ

Principal Secretary to Government
Health and Family Welfare Department

MESSAGE

The concept of serving people with right drug, in right quantity & quality, in right dosage, in right time is achieved by making the essential drugs available at all levels, at all times. This is met by the logistic approach in drug management and Rational use of Drugs.

The Essential drug list helps to select the drugs which are time tested, reliable, well proven, cost effective and with nil or minimum adverse effects and are meant for mass consumption. Care is taken in preparing the list, as even small changes can affect drug availability at Govt health care centres for entire population. When a category of prescriber is stated, it has been done to restrict the use of particular medicine either for cost or safety reasons.

The Essential drug list will be updated regularly keeping in tune with the changes. Suggestions, opinions are invited and appropriate changes will be incorporated in the future editions.

The KDLWS came into existence with the joint sponsorship of Govt of India and European Commission. The Objective is to streamline and rationalize the system of selection, procurement, storage and distribution thus the KDLWS reaches and helps all, particularly the poorest of poor in getting health care by providing quality drugs at all times.

Mohamed Sanaulla, IAS
Former Commissioner
Health & Family Welfare Services

ACKNOWLEDGEMENT

Karnataka ranks 5th in terms of landmass occupying approximately 192,000 sq. kilometers and ranks 7th in terms of population, providing health care to the population is a massive job and requires a modern approach in management and implementation.

Karnataka State Drugs logistics & Warehousing Society is a project aided by European Commission and Government of India and we express our sincere thanks.

Good health care means both preventive and curative measures. One of the main criterion in achieving this is in maintaining an adequate supply of appropriate medicines.

Karnataka State Drug Logistics & Warehousing Society came into existence with the aim of logistic management in procurement, distribution, storage of drugs, chemicals and miscellaneous item for the Health & Family Welfare Department of the entire state. This ensures availability of required life saving & day-to-day needed drugs and health care materials on time up to end user level i.e. patients.

Health Institutions however big or small can serve efficiently with the right drugs, in right quantity and quality, in right dosage, in right time and is managed by systemic and logistic supply of the essential drugs available at all levels, at all times. This is achieved scientifically by logistical mode of procurement, storage and distribution of drugs.

On the occasion of publishing the books on Standard Treatment Guidelines (STG) & Essential Drugs List (EDL) I am glad and proud to acknowledge my sincere thanks to all on behalf of Karnataka State Drugs Logistics & Warehousing Society

Our sincere thanks should go to the Governing Council & the Executive Committee of Karnataka State Drugs Logistics & Warehousing Society in bringing out this epic venture.

We express sincere thanks to Shri. Cheluvaraya Swamy, Honorable Minister for Health, Karnataka State for the message to the books on Standard Treatment Guidelines (STG) & Essential Drugs List (EDL).

Our special thanks to Shri. Thangaraj, I.A.S. Principal Secretary, Health & Family Welfare Services and also the Chairman of Governing Council of Karnataka State Drugs Logistics & Warehousing Society in his support.

We are particularly grateful to Shri. Mohamed Sanaulla, IAS, Former Commissioner, Health & Family Welfare Services and also the Former Chairman of Executive committee of Karnataka State Drug Logistics & Warehousing society whose initiation and active participation made this venture possible.

We earnestly thank Shri. Basavaraj, Commissioner, IAS, Health & Family Welfare Services and also the Chairman of Executive Committee of Karnataka State Drug Logistics & Warehousing Society for his total involvement and meticulous effort in bringing out this ambitious publication.

Our special thanks to Dr. H. Sudarshan, vigilance Director(Health), Karnataka Lokayukta for his inspiration and active role in publishing Standard Treatment Guidelines book & Essential Drug List.

The Standard Treatment Guidelines & the Essential Drugs List in this present form may look simple but is the effort of lot of work by resourceful persons. The Drugs that covers the most in line of treatment of the most common diseases and the guidelines for treatment is painstakingly prepared.

The Essential drug list presents a list of minimum medicine needs for a basic health care system, listing the most safe and cost-effective medicines. Standard Treatment Guideline offers safe and time-tested line of treatment.

The State Therapeutic Committee & Karnataka State Drug Logistics & Warehousing Society have worked laboriously in finalizing and bringing out the Essential Drug List book.

We are indebted to acknowledge the State Therapeutic Committee in finalizing the books. Thanks for their effort & resourceful knowledge in executing the job.

Kudos to the Karnataka State Pharmacy Council (KSPC), which has worked wonders in completing and finalizing the books. Thanks to Sri Gundu Rao D.A. President, Sri Prabhakumar B.G.- Vice-President, Shri Sharad B.Gore - Registrar, Executive Committee members, Members & Ex-Officio members of Karnataka State Pharmacy Council.

Very special thanks should go to the dedicated work and resourceful knowledge of Ms. P. K. Lakshmi Dy. Director-Drugs Information Centre (DIC) KSPC who executed the plan from begin to the end and also to Ms.P.Triveni for technical assistance & Ms. M. J. Usha for secretarial assistance.

It is a pleasure to acknowledge all the staff members of Karnataka State Drug Logistics & Warehousing Society for their assistance in this venture.

Finally thanks to S.R.S Printers, Bangalore for shaping & presenting this beautiful book in your hands.

These books are on a rapidly advancing subject and will be revised periodically in scientific way keeping view of practical problems and it will be much appreciated, if readers send their criticism, suggestions, corrections for further improvement of this book, which will be gratefully acknowledged.

ESSENTIAL DRUGS LIST

Sl. No	Drug & Category	Dosage Forms And Strengths
I	ANAESTHETICS	

Drugs recommended & tendered by KSDLWS

1.1 General Anaesthetics and Oxygen

Ether	Inhalation 500ml bottle
Halothane	Inhalation 250ml bottle
Ketamine Hcl	Injection 10 ml vial
Thiopental Sodium	Powder for Injection 0.5 g
Oxygen	Inhalation 10 Lt pack

1.2 Local Anaesthetics

Bupivacaine Hcl	Injection 0.25%, 0.5%
Lignocaine	Jelly 2%, Injection 2%, Injection 5% w/v heavy, Injection 2%+Epinephrine (Adrenaline)

1.3 Preoperative Medication & Sedation for Short Term Procedures

Diazepam	Tablet 5mg, Injection 5mg/ml
Morphine Sulphate	Injection 10mg/ml
Promethazine	Injection 25mg/ml
Midazolam	Injection 1mg/ml

Drugs not recommended but tendered

Isoflurane Liquid	100ml Bottle
Propofol	1% w/v 2 ml Amp, 1% w/v 20ml Vial

Drugs recommended but not tendered

Nitrous Oxide	Inhalation
Fentanyl	Injection 2 ml, 10 ml
Ethyl Chloride	Spray 1%
Ethylchloride	Injection 1%, 2%
EMLA Cream	Cream (2.5% Lignocaine+ 2.5% Prilocaine)
Atropine sulphate	Injection 1mg/ml
Glycopyrrolate	Injection 0.2mg/ml
Midazolam	Injection 5mg/ml
Lignocaine	Eye Drops 4% Ointment 2 - 4%
Thiopental Sodium	Powder for Injection 1 g

2. ANALGESICS, ANTIPYRETICS & NSAIDs AND DRUGS USED TO TREAT GOUT

Drugs recommended & tendered by KSDLWS

2.1 Non - Opioid Analgesics

Acetylsalicylic Acid	Tablet 100mg/ 200mg / 300mg / 400mg
Ibuprofen	Tablet 200mg / 400mg
Paracetamol	Tablet 500mg Syrup 125mg/5ml
Diclofenac	Tablet 50mg Injection 25mg/ml

2.2 Opioid Analgesics

Morphine Sulphate	Injection 10mg/ml
Pethidine Hcl	Injection 50mg/ml
Pentazocine Lactate	Injection 30mg/ml

2.3 Drugs Used To Treat Gout

Indomethacin	Capsule 25mg, 50mg
--------------	--------------------

2.4 Disease Modifying Agents in Rheumatic Disorders (DMARDs)

Azathioprine	Tablet 50mg
Chloroquine Phosphate	Tablet 250mg
Methotrexate	Tablet 2.5mg
Cyclophosphamide	Tablet 10mg, 50mg
Penicillamine	Tablet 250mg
Sulfasalazine	Tablet 500mg

Drugs not recommended but tendered

Acetyl Salicylic Acid	DT Tablet 75mg
Nimesulide	Tablet 100mg
Paracetamol	Injection 150mg/ml Amp
Rofecoxib	Tablet 12.5mg

Drugs recommended but not tendered

Mefenamic Acid	Capsule 250mg, 500mg
Piroxicam	Capsule 10mg, 20mg
Methyl Salicylate	Liniment
Serratiopeptidase	Tablet 5mg, 10mg
Buprenorphine Hcl	Injection 0.3mg/ml
Codeine Phosphate	Tablet 30mg
Pentazocine Hcl	Tablet 25mg
Colchicine	Tablet 500 mcg
Probenecid	Tablet 500mg
Allopurinol	Tablet 100mg
Naproxen	Tablet 250mg
Gold Salt	Injection 20mg, 50mg

3. ANTI ALLERGIC

Drugs recommended & tendered by KSDLWS

Chlorpheniramine Maleate	Tablet 4mg
Pheniramine	Injection 22.75mg/ml
Dexamethasone	Tablet 0.5mg, Injection 4mg/ml
Sodium Phosphate	
Epinephrine Hcl (Adrenaline)	Injection 1 in 1000 Amp
Hydrocortisone Sodium Succinate	Powder for Injection 100mg
Prednisolone	Tablet 5mg, 10mg, 20mg
Promethazine Hcl	Injection 25mg/ml
Betamethasone	Tablet 0.5mg Injection 4mg/ml
Cetirizine	Tablet 10mg

Drugs not recommended but tendered

Cetirizine Hcl	Syrup 30 ml bottle, 5mg/5 ml bottle
Prednisolone	Tablet 20mg

Drugs recommended but not tendered

Promethazine Hcl	Tablet 10mg, 25mg
Chlorpheniramine Maleate	Injection 10mg/ml

4. ANTIDOTES AND OTHER SUBSTANCES USE IN POISONING

Drugs recommended & tendered by KSDLWS

4.1 Non Specific

Charcoal	Activated Powder 30 gm
----------	------------------------

Atropine Sulphate	Injection 600 mcg/ml
-------------------	----------------------

4.2 Specific

Anti Snake Venom	Injection, Polyvalent Vial
Deferoxamine	Powder for Injection
Mesylate	500mg/vial
Dimercaprol	Injection in oil 2ml Amp
Methylthioninium	Injection 1ml Amp
Chloride (Methylene blue)	
Naloxone Hcl	Injection 400 mcg/ml
Pralidoxime Chloride	Injection 1 g/vial
Sodium Nitrite	Injection 30mg/ml
Sodium Thiosulfate	Injection 100mg/ml
Penicillamine	Tablet 250mg
Acetyl Cysteine	Injection 200mg/ml
Calcium Gluconate	Injection 10 % w/v Amp
Sodium Calcium	Injection 200mg/ml
Edetate	

Drugs recommended but not tendered

Disulfiram	Tablet 250mg
Naltrexone	Tablet 50mg
Scorpion Venom	Injection
Antiserum	

5. ANTICONVULSANTS / ANTIEPILEPTICS

Drugs recommended & tendered by KSDLWS

Carbamazepine	Tablet 100mg, 200mg
Diazepam	Tablet 5mg, Injection 5mg/ml
Phenobarbitone	Tablet 30mg, 60mg
Phenytoin Sodium	Tablet 50 mg, 100mg

Sodium Valproate	Tablet 200mg
------------------	--------------

Drugs recommended but not tendered

Carbamazepine	Injection 100mg/5ml
Magnesium Sulphate	Injection 500mg/ml
Phenytoin Sodium	Injection 50mg/ml
Sodium Valproate	Elixir 200mg/5 ml
Clonazepam	Tablet 0.5mg, 1mg
Ethosuximide	Syrup 50mg/ml
Diazepam	Tablet 10mg

6. ANTIINFECTIVES - INTESTINAL ANTHELMINTHICS

Drugs recommended & tendered by KSDLWS

6.1 Intestinal Anthelmintics

Albendazole	Tablet 400mg Suspension 200mg/10ml
Niclosamide	Tablet 500mg
Mebendazole	Tablet 100mg Suspension 100mg/5 ml
Pyrantel Pamoate	Tablet 250mg Suspension 50mg/ml

6.1.1 Antifilarials

Diethyl Carbamazine	Tablet 100mg
---------------------	--------------

6.2 Antibacterial Drugs

6.2.1 Penicillins

Amoxycillin	Capsule 250mg, 500mg DT Tablet 125mg, 250mg
Ampicillin	Injection 250mg, 500mg, Capsule 250mg, 500mg, Oral Suspension 125mg/ml

Benzathine Penicillin	Injection 6 Lac units, 12 Lac units
Cloxacillin	Capsule 250mg, 500mg Injection 250mg Syrup 125mg/5 ml
Benzyl Penicillin	Powder for Injection 5 lac units, 10 Lac units
Fortified Procaine Penicillin	Injection 4 Lac units, 20 Lac units, 40 Lac units

6.2.2 Other Antibacterial

Cephalexin	Capsule 250mg / 500mg, Syrup 125mg/5 ml
Chloramphenicol	Injection 1g
Ciprofloxacin Hcl	Tablet 500mg, Injection 2mg/ml
Cotrimoxazole (Trimethoprim + Sulphamethoxazole)	Tablet 80mg+400mg; 160mg+800mg Suspension 40+200mg/5 ml
Doxycycline Hcl	Capsule 100mg
Erythromycin	Tablet 250mg Syrup 125mg/5 ml
Gentamycin Sulphate	Injection 80mg/2ml
Metronidazole	Tablet 200mg, 400mg, Injection 5mg/ml Suspension 100mg/5ml
Norfloxacin	Tablet 400mg, DT 200mg
Tetracycline	Capsules 250mg, 500mg

Reserved Antibacterials

Cefotaxime	Injection 250mg, 500mg, 1gm
Ceftazidime	Powder for Injection 1gm
Ceftriaxone	Injection 250mg, 1g
Ofloxacin	Tablet 200mg

6.2.2.1 Complementary Drugs

Cefadroxyl	Tablet 500mg, DT 125mg
------------	------------------------

6.2.3 Anti Leprosy Drugs

Clofazimine	Capsule 50mg, 100mg
Dapsone	Tablet 50mg, 100mg
Rifampicin	Capsule 150mg, 300mg, 450mg

6.2.4 Anti Tuberculosis Drugs

Ethambutol Hcl	Tablet 200mg, 400mg, 800mg
Isoniazid	Tablet 100mg, 300mg
Pyrazinamide	Tablet 300mg, 500mg, 750mg, 1gm
Rifampicin	Capsule 150mg, 300mg, 450mg
Streptomycin Sulphate	Powder for Injection 0.75 g, 1g

6.3 Antifungal Drugs

Amphotericin B	Injection 50mg
Griseofulvin	Tablet 125mg, 500mg
Fluconazole	Tablet 200mg, Capsule 150mg, Cream 2%
Ketoconazole	Tablet 200mg
Clotrimazole	Pessary 100mg, Dusting Powder 1%, Lotion / Cream 1%

6.4 Antiprotozoal Drugs

6.4.1 Antiamoebic & Antigiardiasis Drugs

Tinidazole	Tablet 500mg
------------	--------------

6.4.2 Antileishmaniasis

Pentamidine	Injection 200mg
-------------	-----------------

Sodium Stilbogluconate	Injection 100mg/ml
---------------------------	--------------------

6.4.3 Anti-Malarial Drugs

Chloroquine Phosphate	Tablet 250mg
Chloroquine Hcl	Injection 40mg/ml
Primaquine Phosphate	Tablet 2.5mg, 7.5mg
Quinine	Tablet 300mg
Quinine Di-Hcl	Injection 300mg/ml
Sulfadoxine + Pyrimethamine	Tablet 500 + 25mg

6.5 Antiviral Drugs

Acyclovir	Tablet 200mg
-----------	--------------

Drugs not recommended but tendered

Clotrimazole	Vaginal Tablet with applicator 200mg
Norfloxacin	Dispersible Tablet 200mg
Roxithromycin (Paed)	Tablet 50mg
Roxithromycin	Tablet 150mg
Sparfloxacin	Tablet 200mg
Pyrazinamide	Tablets 1 gm
Rifampicin	Dispersible Tablet 100mg

Drugs recommended but not tendered

Ampicillin	Powder for Injection 500mg, Powder for Oral Suspension 125mg/5 ml
Phenoxymethyl Penicillin	Tablet 250mg
Amikacin Sulphate	Injection 100mg/2 ml
Nalidixic Acid	Tablet 250mg, 500mg
Neomycin Sulphate	Capsule / Tablet 350mg
Nitrofurantoin	Tablet 100mg
Amoxycillin +	Tablet 250mg + 125mg

Clavulanic Acid	
Vancomycin	Injection 500mg
Azithromycin	Tablet 250mg
Sulphadiazine	Tablet 500mg
Flucloxacillin	Tablet 250mg
Cefazolin	Injection 500mg/vial
Para Amino Salicylic Acid (as Sodium salt)	Tablet 1 g
Nystatin	Pessary 1 lakh IU
Clobetasone butyrate	Ointment 0.05% w/w
Miconazole	Pessary 200mg
Diloxanide Furoate	Tablet 500mg
Mefloquine Hcl	Tablet 250mg
Diethyl Carbamazine	Tablet 50mg
Amoxycillin	Powder for Suspension 125mg/5 ml
Ciprofloxacin Hcl	Tablet 250mg
Cotrimoxazole (Trimethoprim + Sulphamethoxazole)	Tablet 40mg+200mg
Gentamycin Sulphate	Injection 10mg/ml, 40mg/ml
Ceftazidime	Powder for Injection 250mg / 500mg / 1gm

7. ANTIMIGRAINE DRUGS

Drugs recommended & tendered by KSDLWS

7.1 For Treatment of Acute Attack

Acetyl Salicylic Acid	Tablet 300mg
Paracetamol	Tablet 500mg

7.2 For Prophylaxis

Propranolol Hcl	Tablet 40mg
-----------------	-------------

Drugs not recommended but tendered

Flunarizine	Tablet 10mg
Propranolol Hcl	Tablet 20mg, 80mg

8. ANTINEOPLASTIC AND IMMUNO-SUPPRESSIVE DRUGS AND DRUGS USED IN PALLIATIVE CARE.

Drugs recommended & tendered by KSDLWS

8.1 Immunosuppressive Drugs

Azathioprine	Tablet 50mg
Cyclosporin	Capsule 25mg, Concentrate for Injection 50mg/ml

8.2 Cytotoxic Drugs

Busulfan	Tablet 2mg
Cisplatin	Powder for Injection 10mg/vial, 50mg/vial
Cyclophosphamide	Tablet 10mg, 25mg, 50mg Injection 200mg, 500mg
Doxorubicin	Injection 10mg, 50mg
Danazol	Capsule 50mg
Flurouracil	Injection 250mg/5 ml
Folinic Acid	Injection 3mg/ml
Methotrexate	Tablet 2.5mg
Vincristine Sulfate	Injection 1mg, 5mg

8.3 Hormones And Anti Hormones

Tamoxifen Citrate	Tablet 10mg, 20mg
-------------------	-------------------

Drugs not recommended but tendered

Azathioprine	Tablet 25mg
--------------	-------------

Drugs recommended but not tendered

Asparaginase	Injection 10,000 IU
Actinomycin D	Injection 0.5mg
Bleomycin Sulfate	Powder for Injection

	15mg
Etoposide	Capsule 100mg Injection 20mg/ml in 5 ml
Mercaptopurine	Tablet 2.5mg, 50mg
Sodium	Injection 20mg, 50mg
Melphalan	Tablet 2mg, 5mg
Mitomycin - C	Injection 10mg
Procarbazine	Tablet / Capsule 50mg
Flutamide	Tablet 250mg
Hydroxy urea	Tablet 500mg
Vinblastine	Injection 10mg
Chlorambucil	Tablet 1mg, 5mg
Prednisolone Sodium	Injection 20mg
Phosphate / Sodium	
Succinate	
Cytosine Arabinoside	Injection 100mg/vial, 500mg/vial, 1000mg/ vial
Methotrexate	Tablet 50mg

9. ANTIPARKINSON DRUGS

Drugs recommended & tendered by KSDLWS

Levodopa + Carbidopa	Tablet 100mg+10mg, 250mg+25mg
Trihexyphenidyl	Tablet 2mg

Drugs recommended but not tendered

Biperiden	Tablet 2mg, Injection 5mg/ml
Procyclidine	Tablet 2.5mg
Benzhexol	Tablet 2mg
Levodopa + Benserazide	Tablet 100mg+25mg

10. DRUGS AFFECTING THE BLOOD

Drugs recommended & tendered by KSDLWS

10.1 Antianaemia Drugs

Ferrous Salt	Sugar Coated Tablet 200mg, Oral Solution 25mg iron/ml
Folic Acid	Tablet 5mg
Iron Folic Acid (Adult)	Tablet 100mg + 0.5mg
Ferrous Sulfate + Folic Acid	
Iron folic Acid (Pediatric)	Tablet 20mg + 0.1mg
Ferrous Sulfate + Folic Acid	
Iron Dextran	Injection 50mg elemental iron/ml
Cyanocobalamine	Injection 0.5mg/ml

10.2 Drugs Affecting Coagulation

Heparin Sodium	Injection 5000 IU/5ml
Protamine Sulfate	Injection 10mg/ml
Vitamin K	Tablet 10mg, Injection 10mg/ml
Warfarin Sodium	Tablet 5mg

Drugs not recommended but tendered

Haemocoagulase	1mlAmp
Aqueous Inj. 1 N.I.H	
Thrombin Unit/ ml Or Equivallent Unit.	
Heparin Injection. (Low Molecular)	4,000 IU / 0.4ml Pre Filled Syringe
Heparin Injection. (Low Molecular)	10,000 IU / ml 10 ml Vial
Heparin Injection. (Low Molecular)	2,000 IU / 0.2ml Pre Filled Syringe

Drugs recommended but not tendered

Acenocoumarol	Tablet 1mg, 2mg, 4mg
Ethamsylate	Tablet 250mg

Aminocaproic Acid	Injection 250mg/ml
Ferrous Salt	Oral Solution 25mg iron/ml
Folic Acid	Tablet 1mg

11. BLOOD PRODUCTS AND PLASMA SUBSTITUTES

Drugs recommended & tendered by KSDLWS

11.1 Plasma Substitutes

Dextran 70	Injectable Solution 500ml 6%
Dextran 40	Injectable Solution 500ml 10% FFS

11.2 Plasma Fractions

Albumin (Human)	Injection 100ml 5%, 50ml 20%
-----------------	---------------------------------

Drugs recommended but not tendered

Polygeline	Injectable Solution 3.5%
Factor IX Complex Concentrate	Dried, Injection

12. CARDIOVASCULAR DRUGS

Drugs recommended & tendered by KSDLWS

12.1 Antianginal Drugs

Diltiazem	Tablet 30mg
Glyceryl Trinitrate	Injection 5mg/ml
Isosorbide Mononitrate	Tablet 10mg
Propranolol	Tablet 10mg, 40mg, Injection 1mg/ml

12.2 Antiarrhythmic Drugs

Verapamil Hcl	Tablet 40mg, 80mg, Injection 2.5mg/ml
---------------	--

12.3 Antihypertensive Drugs

Amlodipine	Tablet 5mg, 10mg
Atenolol	Tablet 50mg, 100mg
Enalapril	Tablet 5mg, 10mg
Methyldopa	Tablet 250mg
Nifedipine Retard	Tablet 10mg, Capsule 5mg

12.4 Cardiac Glycosides

Digoxin	Tablet 250 mcg, Injection 0.25mg/ml, Elixir 50mg/ml
---------	---

12.5 Vascular Shock Drugs

Dopamine	Injection 40mg/ml
----------	-------------------

12.6 Antithrombotic Drugs

Streptokinase	Powder for Injection 750,000 IU
---------------	---------------------------------

12.6.1 Complementary Drugs

Losartan	Tablet 25mg
Isosorbide Dinitrate	Sublingual Tablet 5mg

Drugs not recommended but tendered

Atenolol	Tablet 25mg
Isosorbide Dinitrate	Tablet 10mg
Nifedipine Retard	Tablet 20mg
Pentoxiphylline	Tablet 400mg

Drugs recommended but not tendered

Amiodarone	Tablets 100mg, 200mg
Isoprenaline	Injection 1mg/ml
Mexiletine	Capsule 50mg, 150mg, Injection 25mg/ml
Procainamide	Tablet 250mg, 500mg,

Quinidine	Injection 100mg/ml Tablet 200mg
Chlorthalidone	Tablet 25mg, 50mg
Sodium Nitroprusside	Injection 50mg/ml
Prazosin	Tablet 1mg, 2.5mg
Reserpine	Tablet 0.1mg
Captopril	Tablet 12.5mg, 25mg, 50mg
Dobutamine	Injection 50mg/ml
Urokinase	Injection 500,000 IU, 10,00,000 IU
Metoprolol	Tablet 25mg
Diltiazem	Tablet 60mg
Isosorbide Mononitrate	Tablet 20mg
Diltiazem	Injection 5mg/ml
Lidocaine Hcl	Injection 20mg/5 ml
Enalapril	Tablet 2.5mg
Streptokinase	Powder for Injection 150,000 IU
Hydralazine	Injection 10mg

13. DERMATOLOGICAL DRUGS

Drugs recommended & tendered by KSDLWS

13.1 Antifungal

Benzoic Acid + Salicylic Acid	Ointment 6% + 3%
----------------------------------	------------------

13.1.1 Complementary Drugs

Methoxsalen	Tablet 10mg
-------------	-------------

13.2 Anti-Infective

Povidone Iodine	Solution / Ointment 5%
Neomycin + Bacitracin	Ointment 5mg + 500 IU/g
Silver Nitrate	Lotion 10%
Framycetin Sulfate	Cream 1%

Silver Sulfadiazine	Cream 1% (100gm & 25gm Al Tube)
---------------------	---------------------------------

Acyclovir	Cream 5%
-----------	----------

13.3 Antiinflammatory & Antipruritics

Betamethasone	Cream 0.1%
---------------	------------

Valerate

Calamine Lotion	60ml in plastic bottle
-----------------	------------------------

Zinc Oxide	Cream 32% w/v
------------	---------------

13.4 Keratoplastic & Keratolytics

Glycerine	Solution 500g
-----------	---------------

Salicylic Acid	Cream 3%
----------------	----------

13.5 Scabicides and Pediculicides

Benzyl Benzoate	Lotion 25%
-----------------	------------

Gamma Benzene Hexa	Lotion 1%
--------------------	-----------

Chloride

Drugs not recommended but tendered

Acyclovir	Tablet 400mg, 800mg
-----------	---------------------

Azelaic Acid Cream	10% w/w 20gm Tube
--------------------	-------------------

Betamethosone Cream	0.05% w/w 15gm Tube
---------------------	---------------------

Clobetasol Propionate+	0.05% w/v+3 % w/w
Salicylic Acid	cream

Clotrimazole Cream	2% w/w 15gm Tube
Tube	

Hydroquinone	2% Cream 0.02 5gm Tube
--------------	------------------------

Psoralen	Tablet 10mg, 25mg
----------	-------------------

Drugs recommended but not tendered

Miconazole	Ointment / Cream 2%
------------	---------------------

Methylrosanilinium	Crystals
--------------------	----------

Chloride (Gentian
Violet)

Benzoyl Peroxide	Gel 2.5% w/v
------------------	--------------

Coal Tar	Solution 5%
----------	-------------

Dithranol	Ointment 0.1%, 1%
Crotamiton	Cream, Lotion 10%
Permethrin	Lotion / Cream 1%, 5%
Tretinoin	Cream 0.025%
Podophyllin	Resin
Trichloro Acetic Acid	Solution 50%
Povidone Iodine	Solution / Ointment 10%
Salicylic Acid	Cream 2%
Hydrocortisone	Cream 1%
Betamethasone	Eye drops / Oint. 1%
Valerate	

14. DIAGNOSTIC AGENTS

Drugs recommended & tendered by KSDLWS

14.1 Ophthalmic Drugs

Tropicamide	Eye Drops 1%
-------------	--------------

14.2 Radio Contrast Media

Barium Sulfate	Suspension 100% w/v, 250% w/v Powder Suspension 95% w/v
Sodium Diatrizoate + Meglumine	Injection 60% (Iodine = 292mg/ml) 50 ml Vial 76% (Iodine =370mg/ml)

Drugs not recommended but tendered

Fluorescein Sodium Impregnated Strip	1mg/Strip
---	-----------

Drugs recommended but not tendered

Iohexol	Injection 240mg/ml
Meglumine Iothalamate	Injection 60% w/v I ₂ =280mg/ml
Meglumine Iotroxate	Solution 5-8g I ₂

Sodium Iothalamate Injection 66.8% w/v, 70%
w/v I₂ 420mg/ml

Fluorescein Sodium Eye Drops 1%

15. DISINFECTANTS AND ANTISEPTICS

Drugs recommended & tendered by KSDLWS

15.1 Antiseptics

Chlorhexidine Di Solution (Concentrate for
Gluconate dilution) 5%

Cetrimide Solution 400ml bottle
20% w/v

Hydrogen Peroxide Solution 6% 100 ml
amber bottle

Benzoin Compound 500ml
Tincture

15.2 Disinfectants

Formaldehyde Solution, 500ml amber
bottle

Drugs not recommended but tendered

Dichlorometaxyleneol Lotion 1 Ltr 1.5% Plastic
Bottle

Povidone Iodine 7.5 % w/v dark plastic
cleansing solution in 500ml Bottle
dark plastic bottle

Drugs recommended but not tendered

Ethanol Solution 70%

Potassium Crystals

Permanganate

Acriflavin + Glycerin Solution

Bleaching Powder Powder

16. DIURETICS

Drugs recommended & tendered by KSDLWS

Frusemide	Tablet 40mg, Injection 10mg/ml
Hydrochlorothiazide	Tablet 25mg
Mannitol	Solution 20% w/v
Spironolactone	Tablet 25mg

Drugs recommended but not tendered

Amiloride	Tablet 5mg
Hydrochlorothiazide	Tablet 50mg

17. GASTROINTESTINAL DRUGS

Drugs recommended & tendered by KSDLWS

17.1 Antacids and other Antiulcer Drugs

Aluminium Hydroxide	Tablet 500mg
Omeprazole	Capsule 20mg
Ranitidine	Tablet 150mg, Injection 50mg/2 ml

17.1.1 Complementary Drugs

17.2 Antiemetic Drugs

Metoclopramide	Tablet 10mg Injection 5mg/ml
Domperidone	Tablet 10mg
Promethazine Hcl	Injection 25mg/ml

17.4 Antiinflammatory Drugs

Sulfasalazine	Tablet 500mg
---------------	--------------

17.5 Antispasmodic Drugs

Dicyclomine Hcl	Tablet 10mg Injection 10mg/ml
Hyoscine N butyl bromide	Injection 20mg/ml

17.6 Cathartics

Bisacodyl	Tablet 5mg
Liquid Paraffin	60ml, 500ml

17.7 Drugs Used In Diarrhoea

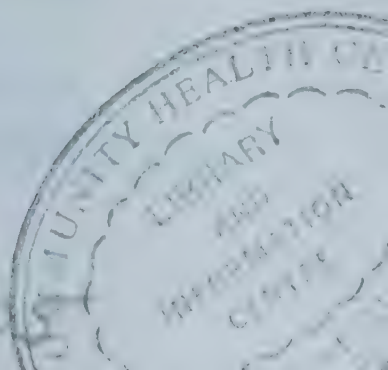

Furazolidone	Tablet 100mg, Suspension 25mg/5 ml
Loperamide	Tablet 2mg
“contraindicated for paediatrics”	
Oral Rehydration Salts	Sachet WHO Specification 27.9 gm

Drugs not recommended but tendered

Dicyclomine	Tablet 20mg Al Strip/Al Blister
Tinidazole	Tablet 300mg
Valethamate Bromide	Injection 1 ml Amp

Drugs recommended but not tendered

Aluminum Hydroxide + Magnesium Hydroxide	Suspension
Aluminum Hydroxide+ Magnesium Trisilicate	Tablet 250mg + 500mg
Bismuth Subsalicylate	Tablet 262mg
Famotidine	Tablet 20mg
Cisapride	Tablet 10mg
Sucralfate	Tablet 1 g, Suspension 1 g
Cimetidine	Tablet 200mg
Domperidone	Injection 25mg/ml
Prochlorperazine	Tablet 5mg, 25mg
Local anaesthetic, astringent and anti-inflammatory drug (Eg: Lidocaine / Cincocaine +	Ointment/ Suppository

Hydrocortisone)	
Sodium Tetra Decyl Sulphate	Injection
Lactulose	Syrup 667mg/ml
Isphagula	Husk
Senna Glycosides (as calcium salts)	Tablet 18mg
Metoclopramide	Syrup 5mg/5 ml
Promethazine Hcl	Tablet 10mg, 25mg
Hyoscine N butyl bromide	Tablet 10mg

18. HARMONES, OTHER ENDOCRINE DRUGS AND CONTRACEPTIVES

Drugs recommended & tendered by KSDLWS

18.1 Adrenal Hormones & Synthetic Substitutes

Dexamethasone	Tablet 0.5mg, Injection 4mg/ml
Hydrocortisone Sodium Succinate	Powder for Injection 100mg / ml
Prednisolone	Tablet 10mg

18.2 Contraceptives

Ethinylestradiol + Norethisterone	Tablet 35 mcg + 1mg
Ethinyl Estradiol + Norgestrel	Tablet 0.03mg + 0.3mg

18.3 Insulins And Anti Diabetic Agents

Glibenclamide	Tablet 5mg
Metformin	Tablet 500mg
Bovine Insulin	Injection 40 IU/ml (Neutral)
Bovine Mixture of Insulin Injection (30%)	Injection 40 IU/ml

and Isophane Insulin Suspension (70%) Bovine Insulin Zinc Suspension	Injection 40 IU/ml
Porcine Insulin	Injection 40 IU/ml (Neutral)
Porcine Mixture of Insulin Injection (30%) and Isophane Insulin Suspension (70%), Porcine Insulin Zinc Suspension	Injection 40 IU/ml
Insulin Human (Soluble 30 % and Isophane 70 %)	Injection 40 IU/ml
Insulin Human (Soluble 25 % and Isophane 75 %)	Injection 40 IU/ml
Insulin Human Injection (Intermediate Acting)	Injection 40 IU/ml
Insulin Human Injection (Rapid Acting)	Injection 40 IU/ml

18.4 Thyroid Hormones & Anti Thyroid Drugs

Carbimazole	Tablet 5mg, 30mg
Levothyroxine	Tablet 0.1mg

Drugs not recommended but tendered

Carboprost	Injection 250 mcg
Tromethamine	
Dinoprostone	Tablet 0.5mg

Drugs recommended but not tendered

Methyl Prednisolone	Injection 40mg/ml, Tablet
---------------------	---------------------------

Vasopressin	20mg, 40mg
Triamcinolone	Injection 20 IU/ml
	Tablet 4mg
	Injection 10mg/ml
Testosterone	Injection 250mg/ml
Propionate	
Finasteride	Tablet 5mg
Clomiphene	Tablet 25mg, 50mg
Ethinyl Estradiol	Tablet 50 mcg
Estradiol Valerate	Tablet 1mg, 2mg
Norethisterone	Tablet 5mg
Potassium Iodide	Liquid 8mg/5 ml
Glibenclamide	Tablet 2.5mg
Condoms with/without spermicide	

19. IMMUNOLOGICALS

Drugs recommended & tendered by KSDLW

19.1 Sera & Immunoglobulins

Anti-D-	Injection 300 mcg
Immunoglobulin (human)	
Tetanus	Injection 250 IU/5ml, 500
Immunoglobulin (human)	IU/5ml, 10000 IU/5ml
Rabies	Injection 150 IU/ml
Immunoglobulin	

19.2 Vaccines

BCG	Injection 0.1 ml/dose vial/amp
DPT	Injection 0.5ml/dose
Hepatitis B	Injection 10mcg/ml, 20mcg/ml
Measles	Injection 0.5ml/dose
Poliomyelitis (live	Oral Solution 2ml vial

attenuated)	
Rabies	Injection 2.5 IU/ml
Tetanus Toxoid	Injection 0.5ml/dose
MMR (Live Vaccine)	Injection 0.5ml/dose
Typhoid	Injection 0.5ml/dose
Meningitis	Injection 0.5ml/dose
HIB Influenza	Injection 0.5ml/dose

Drugs recommended but not tendered

Tuberculin Purified	Injection
Protein Derivative-PPD	
Diphtheria Antitoxin	Injection 10,000 IU, 20000 IU

20. MUSCLE RELAXANTS AND CHOLINESTERASE INHIBITORS

Pancuronium	Injection 2mg/ml
Succinyl Choline Chloride	Injection 50mg/ml
Neostigmine	Injection 0.5mg/ml
Atracurium	Injection 10mg/ml

Drugs recommended but not tendered

Neostigmine Bromide	Tablet 15mg, Injection 0.5mg/ml
Suxamethonium Chloride	Injection 50mg/ml
Vecuronium	Injection 2mg/ml
Chlorzoxazone	Tablet 250mg
Succinyl Choline Chloride	Injection 10mg/ml

21. OPHTHALMOLOGICAL PREPARATIONS

Drugs recommended & tendered by KSDLW

21.1 Anti Infective Agents

Chloramphenicol	Drops/Ointment 0.5% , 1%, Applicap 1%
Ciprofloxacin	Drops / Ointment 3%
Acyclovir	Ointment 3% w/w
Framycetin	Drops / Ointment 0.5%
Gentamicin	Drops 0.3%

21.2 Anti-Inflammatory Drugs

Xylometazoline	Drops 0.05%, 0.1%
Flurbiprofen	Drops 0.3%
Dexamethasone	Drops 0.01%

21.3 Miotics & Antiglaucoma Drugs

Acetazolamide	Tablet 250mg
Pilocarpine Nitrate	Drops 2%
Timolol Maleate	Drops 0.5%, 1%

21.4 Mydriatics

Atropine Sulphate	Ointment 1% w/w
Homatropine	Drops 2%
Tropicamide	Drops 0.5%, 1%

21.5 Miscellaneous

Methyl Cellulose	Drops 0.7%
------------------	------------

Drugs not recommended but tendered

Cinnarizine	Tablet 75mg
Hyaluronidase	Injection 1500 IU Amp.
Ketaconazole	Eye Drops 10ml 2% w/v

Drugs recommended but not tendered

Natamycin	Drops 5%
Sulfacetamide	Drops 10%, 20%, 30%

Tobramycin	Drops 0.3%
Prednisolone	Drops 0.5%
Di Sodium	Drops 2%
Chromoglycate	
Paracaine	Drops 0.5%
Phenylephrine	Drops 5%
Balanced Salt	Solution for Irrigation
Tetracycline	Ointment 1%
Pilocarpine Nitrate	Drops 4%
Timolol Maleate	Drops 0.25%
Atropine Sulphate	Ointment / Drops 0.5%

22. OXYTOCICS AND ANTIOXYTOCICS

Drugs recommended & tendered by KSDLW

22.1 Oxytocics

Methyl Ergometrine	Injection 0.2mg/ml
Maleate	
Oxytocin	Injection 5 IU/ml

22.2 Antioxytocics

Isoxsuprine	Tablet 20mg
	Injection 5mg/ml

Drugs recommended but not tendered

Dinoprostone	Gel 0.5mg
Terbutaline	Tablet 2.5mg, Injection 0.5mg/ml
Ethacridine Lactate	Injection 1mg/ml
Mesoprostol	Tablet 200 mcg
Prostalin	Injection 125mg
Ritrodrine	Tablet 10mg
	Injection 10mg/ml
Methyl Ergometrine	Tablet 0.125mg

Maleate

Oxytocin

Injection 10 IU/ml

Isoxsuprine

Tablet 10mg

23. PERITONIAL DIALYSIS SOLUTION

Drugs recommended & tendered by KSDLW

Intraperitoneal dialysis
solution (of appropriate
compound)

Parenteral Solution 1 Lt

24. PSYCHOTHERAPEUTIC DRUGS

Chlorpromazine

Tablet 25mg, 50mg,
100mg

Fluoxetine

Capsule 20mg

Fluphenazine

Injection 25mg/ml

Deconate

Haloperidol

Tablet 5mg

Amitriptyline Hcl

Tablet 25mg, 75mg

Imipramine

Tablet 25mg, 75mg

Lithium Carbonate

Tablet 300mg

Sodium Valproate

Enteric coated Tablet
200mg

Trifluoperazine

Tablet 5mg, 10mg

Chlordiazepoxide

Tablet 5mg, 10mg

Drugs not recommended but tendered

Alprazolam

Tablet 0.25mg

Phenobarbitone

Injection 1 ml Amp

Sodium

Risperidone

Tablet 2mg

Drugs recommended but not tendered

Diazepam

Tablet 2mg

Lorazepam

Tablet 1mg, Injection

	1mg/ml
Clomipramine	Tablet 25mg
Nitrazepam	Tablet 5mg
Flupenthixol	Tablet 0.5mg, 1mg
Oxazepam	Tablet 15mg
Chlorpromazine	Injection 25mg/ml
Haloperidol	Tablet 0.5mg, 1.5mg, Injection 5mg/ml
Lithium Carbonate	Tablet 150mg

25. DRUGS ACTING ON THE RESPIRATORY TRACT

Drugs recommended & tendered by KSDLW

25.1 Anti Asthmatics

Aminophylline	Injection 25mg/ml
Etophylline + Theophylline	Tablet 77 + 23mg Injection 169.4mg + 50.6mg
Salbutamol	Tablet 2mg, Syrup 2mg/5 ml

Drugs recommended but not tendered

Aminophylline	Tablet 100mg
Beclomethasone	Inhalation 50 mcg/dose, 200 mcg/dose
Theophylline	Tablet 100mg, 200mg
Ipratromium Bromide	Inhalation 20 mcg/dose
Ephedrine Hcl	Injection 30mg/ml
Salbutamol	Injection 500 mcg/ml, Inhalation 100 mcg/dose Nebuliser 5mg/ml
Terbutaline	Inhalation 200 mcg/dose
Dextromethorphan	Tablet 30mg
Codeine	Tablet 10mg, Syrup 25mg/5 ml

Bromhexine Hcl	Syrup 4mg/5 ml
Budenoside	Inhaler 100 mcg
Fluticasone	Capsule 100 mcg, 250 mcg
Sodium Chromioglycate	Inhaler 5mg/ml
Ketotifen	Tablet 1mg
Salmeterol	Inhaler 25 mcg /ml
Salbutamol	Tablet 4mg

26. SOLUTION CORRECTING WATER, ELECTROLYTE AND ACID BASE DISTURBANCES

Drugs recommended & tendered by KSDLW

26.1 Oral

Oral Rehydration Salts Powder

26.2 Parenteral

Dextrose	Injection 500 ml 5% w/v FFS
	Injection 25 ml Amp 50% w/v Amp
Dextrose + Sodium Chloride	Injection 5% + 0.9% w/v 500ml FFS
Ringer Lactate	Injection 500ml FFS
Sodium Bicarbonate	Injection 7.5%
Sodium Chloride	Injection 500 ml 0.9% w/v FFS

26.3 Miscellaneous

Water for Injection Injection 10 ml amp FFS

Drugs not recommended but tendered

Amino Acid Infusion containing L Arginine	FFS 200 ml
---	------------

Hcl, -L Histidine HCL
L Isoleucine, L
Leucine, L Methionine,
L Phenylalanine, L
Threonine, L

Tryptophan, L Valine,
Glycine and Sorbitol.

Combination Pack of
Amino Acid With
Sorbitol 750ml With
Lipids 20% 250ml
giving 5, 43g Nitrogen
and 650kcal of Non
Protein Energy with
Osmolarity of
670mosms

Glass Bottle

Amino Acid 5% with
Taurine 0.25gm

500 ml Glass Bottle

Amino Acid 5% with
5% Sorbitol

Injection 500 ml Bottle

Dextrose 5 % w/v with
Sodium Chloride
0.45% w/v

500 ml FFS

Dextrose

Injection 25 ml Amp 25%
w/v Amp

I.V. Fat Emulsion 30%
Glutamine Oral 15gm

333ml Bag
Sachetes Containing 10gm
L- Glutamin Granules and
5gm Excipients

Hetastarch 6% 0.7/450

Injection 500ml Bottle
FFS

Lipids 10%

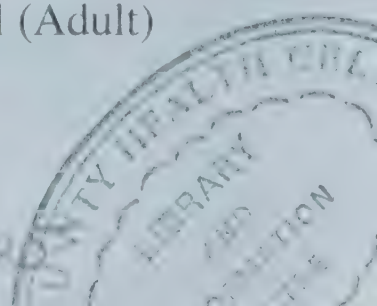

Injection 500ml Glass
Bottle

Multiple Electrolytes
and Dextrose

Injection 500 ml.
(Paediatric) Type III FFS

Multiple Electrolytes
and Dextrose

Injection 500 ml (Adult)
Type I FFS

Hydroxy Ethyl Starch	I.V. 6% 130000 Daltons/0.4 Molar Substitution 500ml Free Flex Bag
Plasma Expander: Isotonic Infusion of Hydroxy-Ethyl Starch	200 / 0.5 Bottle – 10% FFS 500 ml
Plasma Expander: Isotonic Infusion of Hydroxy-Ethyl Starch	200/0.5 Bottle-6% FFS
Plasma Expander: Isotonic Infusion of Hydroxy-Ethyl Starch	200/0.5 Bottle-3% FFS 500 ml
Sodium Chloride	Injection 2000 ml 0.9 % w/v PVC Pouch

Drugs recommended but not tendered

Potassium Chloride	Injection 150mg/ml
Sodium Bicarbonate	Injection 8.5%
Water for Injection	Injection 2 ml amp, 5 ml amp

27. VITAMINS AND MINERALS

Drugs recommended & tendered by KSDLW

Ascorbic acid	Tablet 500mg
Ergocalciferol	Capsule 1mg, Oral Solution 75 mcg/ml
Nicotinamide	Tablet 200mg
Retinol Palmitate	Powder / Solution 100000 IU/2ml
Calcium Gluconate	Injection 10% w/v Amp

Drugs not recommended but tendered

Nicotinic Acid [Niacin]	Tablet 200mg
-------------------------	--------------

Vitamin D-3
(Cholecalciferol)

Inj. 1ml Amp 300,000 I.U.

Vitamin-B Complex
Tabs. (Therapeutic)
Each Tablet
Containing: Vitamin
B1 10mg,
Vitamin B2 10mg,
Vitamin B6 2.5mg,
Calcium, Pantothenate
5.0mg, Niacinamide
100mg, Vitamin C
150mg, Folic Acid
1.50mg

Drugs recommended but not tendered

Ascorbic acid	Injection 500mg/ml
Pyridoxine	Tablet 5mg
Riboflavin	Tablet 5mg
Thiamine Hcl	Tablet 5mg, 10mg, 50mg, Injection 100mg
Ascorbic acid	Tablet 100mg
Ergocalciferol	Capsule 250 mcg
Nicotinamide	Tablet 50mg
Retinol Palmitate	Powder / Solution 5000 IU, 10000 IU
Vitamin D	Capsule 400 IU
Calcium Gluconate	Tablet 500mg

28. DRUGS USED IN ENT DISEASE

Drugs recommended & tendered by KSDLW

Boric acid with Spirit	Ear drops
Ciprofloxacin	Ear drops 3mg/ml
Pseudoephedrine Hcl	Tablet 60mg, Syrup

	30mg/5 ml
Xylomethazoline	Drops 0.05%, 0.1%
Gentamycin	Ear drops 0.3% w/v
Clotrimazole	Ear drops 1%
Cinnarizine	Tablet 25mg

Drugs recommended but not tendered

Glucose in Glycerine	Nasal Drops 25%
Prochlorperazine	Tablet 5mg, 10mg
Maleate	
Salicylic Acid	Ear drops 2%
Olive Oil	

Notes

Notes

MOTIVATION TO AMEND THE ESSENTIAL DRUGS LIST 2005 EDITION

PLEASE INDICATE THE NATURE OF SUBMISSION BY
MARKING THE APPROPRIATE BOX

☐

Deletion of a listed drug (Please attach proven evidence of the harmful/useless effects of the drug.)

☐

Addition of a new drug to the list, (Please attach proven evidence of the harmful/useless effects of the drug.)

☐

Replacement of a listed drug (Please attach evidence of the proven benefits of, such a replacement over the existing drug.)

Name of drug (INN) / generic

Dosage form and strength

Therapeutic class

Reason for amendment

References

Advantages over existing drug(s) in the same therapeutic class

Supporting comparison of newly recommended drug (s) with similar drugs already available under the specified category in respect of efficacy, safety, suitability and cost effectiveness.

Drug	Efficacy	Safety	Suitability	Cost Effective ness
Proposed Drug				
Drugs available in existing EDL				

Efficacy: This column should summarize potential pharmacological actions duly supported by data on pharmacodynamics and pharmacokinetics.

Safety: This column should summarize possible side effects. If possible, the incidence of frequent side effects and safety margins should be listed.

Suitability: Based on patient related conditions and contraindications. A convenient dosage forms or schedule which may have a strong impact on patient adherence to treatment.

Cost effectiveness: Total cost of the treatment rather than cost per unit should be the guiding factor.
